Crochet Charts: Stained Glass Mandala

Tutor: Fiona Meade

This class is the perfect way to build your crochet confidence. Mandalas are decorative crochet projects, worked in the round and mounted for display. Mandalas are the perfect introduction to crochet charts. You will learn how to interpret crochet symbols and how to follow a chart. This mandala is inspired by stained glass windows and teaches a variety of intermediate stitches, including clusters, back loop stitches and front post stitches, as well as how to begin rows with standing double and treble crochet stitches.
