## Freeform Crochet

### Tutor: Carol Meldrum (Beatknit)

This workshop is all about breaking the rules and going free form with your crochet. Learn the basics of this technique and build your confidence mixing up stitches, colour and texture as you go. Dip into a variety for free form techniques, organic, open lace and scrumbles. Take your crochet on an adventure and develop your own fabric design. Participants may also bring a source of inspiration with them on the day and use this as a starting point for your colour palette or shapes and textures.
